## Customer Reviews

The 10 minute a day series is great. I used it two years ago for Italian and was able to get around Italy on a bike trip in rural areas with no problem. I'm now starting German. I find the language harder than Italian but the 10 minute a day series works well. I would recommend getting the book and CD. If you don't have the CD, learning the language is much harder. I would highly recommend the Italian and German series. Kristie, WI

The course is very good. Both the CDs and the book have a very good material to learn in an easy way the language. The only thing is that the description of the product doesn't say this book is the SAME as the one sold alone (paper copy). In the picture of the products they have different front pages, so I thought they had different material. When I got the products, I found out I had two SAME books.

I am very pleased with this purchase. I already know some German but this really helped me learn a lot more and quickly. I have other "10 min" language books but this one has 6 audio CDs in addition to the CD-ROM. This way you get to hear the pronunciations.

The book is great for a beginning student. The reason for an only 3 star rating is the CDs which compare different dialects or accents, which can be very confusing to the beginner. It would be best to cover standard German, which all Germans understand and wait until later to get into the different dialects.
