Customer Reviews

I've used these planners for six years, and love their quality of construction and simplicity of layout. This year was the first, however, that this planner didn't contain a small lined notebook in the back for addresses or notes, even though the price was higher than I've seen it before. I'll continue using these planners, but I am disappointed with the change.

This is lovely agenda! It's the perfect size for me (not too small, not too big) and the color is beautiful! The paper quality is nice and the layout is unique. However this planner may not be for you if you have large handwriting or prefer using wide point pens since the boxes for the monthly calendar and the timetable are on the small size. There are also stickers in the back pocket which I think is pretty neat!

Great size and construction, as expected from any Moleskine journal. Pages are a bit too thin/lightweight, making it easy for the pen to bleed through (for reference, I use the Pilot Precise V5

pens) or at least show through on the back side of the page. This doesn't really bother me, but I can see how it could annoy others.

Perfect size to keep notes in for work in order to stay on top of everything. Each page has more than enough room to write multiple items. Thin enough that it doesn't take up too much room inside my work bag.

I normally use smaller sized planner, but this has been so effective! For each date, there are plenty of rooms for you to write detail and reminder. The front page overall calendar gives you the opportunity to grasp some important dates! I definitely recommend this product.

Love moleskin quality planner! I wish the layout was a little better instead of the months being up front I wish they would overview the month then have the notes section.

I like like like it. Very sturdy and classy.. It is medium size and perfect. The paper quality is excellent. Moleskine never disappoints.
