## Customer Reviews

My daughter and I fell in love with the book. She is starting to read in Russian, so this book is a great support for her vocabulary and her reading skills in both languages. The reason I gave it only 3 stars is that there are 6 pages in the middle of the book that are in 3 languages: English-Arabic and Turkish(or Iranian?)languages, and not Russian! So those 6 pages are no help to us, they are absolutely useless!

I bought this as a combo book for my 2yr old (learning English names for things) and for my hubby (Russian refresher). It has pictures of everything you'd see/use daily...and then some! Honestly, best learning book for my toddler hands down! Only feedback from my husband is that a pronunciation guide would have been helpful (only Russian word is shown in cyrillic).

Book is upside down, so when you open you start with the last page upside down. The content is not very good. Has mistakes. Not correct translation from English into Russian. Picture of the human

are terrible for little kid to understand.
