We purchased this when it was free. Very interested book. In order for them to complete their journey they had to uncover hidden Minecraft secrets. There were many mines and craft tools. And even some minecraft traps in order to make it to the end of their quest. Also very cool story. -

JenaLuv & Boogie Review

i liked it it was ok but i still would give it a five star rating i love this series and im always waiting for the next book but its a bit short i would like the book to be longer its a problem for every flash and bones comic id also like the books to come out faster but theres nothing we can do about that

this book was awesome buy it when i read it it took me to a dungen full of spiders traps and treasure we found a secret library with lots of books cobwebs and other stuff then the bad guys found us and tried to get the treasure but then i was saved just in time

This is the best one now can't wait for the next book. This is a good book and it has action and a good cliffhanger.

I love your books can you make the book faster I can't wait much longer I need more books to read.

It's really cool because it leaves with an ending that is mysterious that you have to get the next to figure out what happens
