Nice story for kids. Of course the illustrations are far below the level of actual artists, but then again, a lot of Minecraft graphics are. Either way, you can tell the designer took some time to put the screenshots etc. together, and the story is fun and even a little funny.

This book is fantastic and interesting. Last week I purchased this book for my child and he is a huge fan of the Mine - craft book. This comic book is pretty much the funniest and the story line is very exciting. This book cover is attracting and last week I purchased some mine-craft comic books. But this book is one of the best among them. The story line decorated with the main character's name Felicia and Steve. The author of this book did an excellent job and by reading this book I am pleased. If you want to give your kids a comic book gift, then I think this book will be the best.

I was looking for a good comic book for my little daughter and when I found this I loved instantly, it is colorful and very funny, the best part is that it is based in the character of Steve of the game Minecraft and my daughter loves this game, now she reads every time before bed.

A good story to read, to get your kids into bed fast and peacefully, good plot that is very funny and entertaining, to complement the pages are full of beautiful and colorful illustrations that my kids love, a good book to add to your kid's collection.

Great comic book, my kids love the story and characters, the drawings are very good and colorful, this is a good book to get your kids interested in reading, I read the book with them to help my kids to read properly while having a lot of fun.
