Dr. Seuss's ABC (Beginner Books, I Can Read It All By Myself)

Synopsis

Arguably the most entertaining alphabet book ever written, this classic Beginner Book by Dr. Seuss is perfect for children learning their ABCs. Featuring a fantastic cast of zany charactersâfrom Aunt Annieâs alligator to the Zizzer-Zazzer-Zuzz, with a lazy lion licking a lollipop and an ostrich oiling an orange owlâDr. Seussâs ABC is a must-have for every young childâs library. Originally created by Dr. Seuss, Beginner Books encourage children to read all by themselves, with simple words and illustrations that give clues to their meaning.

Customer Reviews

Welcome to the wonderful world of whimsical, wacky writing, and crazy, colorful caricatures - "Big Q, little q what begins with Q? The quick Queen of Quincy and her quacking quacker-oo." An excellent educational tool, "Dr. Seuss's ABC An Amazing Alphabet Book!" is an inspired introduction to the alphabet, both upper and lowercase letters, and also reinforces letter sounds through alliteration. The text, format, and images have been adapted to accommodate board book standards; yet, the phrasing and prose, in this particular volume still flow. See the following excerpts: The original - "BIG V, little v Vera Violet Vinnls very, very, very awful on her violin." Revised edition - "BIG V, little v, what begins with V? Verna Vera Vin and her violet violin." I am flabbergasted by the lack of enthusiasm for the revised board book editions of Dr. Seuss's (and others) "Beginner Books" published by Random

House. I am thrilled to have the opportunity to offer my infant son a CLASSIC narrative, by means of a board book, even in its ADAPTED form. These magical miniatures are delightfully entertaining for little babies, who enjoy the positive interaction of cooperative play through reading. The objectives of these small books are to appeal to newborns, and very young children with short attention spans who are not attentive enough for the full text versions, they are NOT meant to replace the originals. Moreover, these pocket-size gems are fashioned for effortless travel to the market, on a plane, in the car, or on a train. Hee, hee. I own most of Dr. Seuss's first editions, in addition to a few of the board book volumes, and agree that the original "Beginner Books" are just that - ORIGINAL.
