The World Beneath: A Novel

Synopsis

At the height of South Africa's anti-apartheid struggle, a boy must face life decisions that test what he believes and call for no turning back. South Africa, 1976. Joshua lives with his mother in the maid's room, in the backyard of their wealthy white employers' house in the city by the sea. He doesn't quite understand the events going on around him. But when he rescues a stranger and riots begin to sweep the country, Joshua has to face the world beneath the world deep inside him to make heartbreaking choices that will change his life forever. Genuine and quietly unflinching, this beautifully nuanced novel from a veteran journalist captures a child's-eye view of the struggle that shaped a nation and riveted the world.

Grade Level: 7 and up

Customer Reviews

This novel was thin and was a fast read. I picked it up on a whim as the cover had been calling to me for weeks. There was something about the covers design and colors that attracted my attention. I wish I could give this novel glowing reviews since it has perked my attention for so long but unfortunately I thought the novel was just touching on the surface of a much deeper issue. I also was craving more information about the characters and their lives, why couldn't the author elaborate more? The novel showcased the inequality that was occurring in the 1970s in Africa

as seen through the eyes of young Joshua. His mother was a maid trying to earn enough money to provide for her other children who live with her parents. Separated from his siblings, Joshua tries to stay out of the eyes of the wealthy owners as he tends to a few chores around the quarters. It's his inquisitive mind and his childlike ways that spin this story off into another direction as Joshua runs an errand for the lady of the house and he finds himself distracted while trying to stay invisible. Joshua soon realizes that the world is a bigger place with problems that he never knew existed. It's about rights and who is entitled to them and for young Joshua this is a new concept and one that he didn't understand. I wished the author would have given more history and explanation of the time period and the characters as I thought parts of the novel were confusing and not as well addressed as they could have been. I did like the character of Joshua, his inquiring mind and his attitude brought the novel together.
