Customer Reviews

This book was great. I admire your ability to write very quickly, only making a few mistakes. The plot is great and the stories are good quality. However, I think that you should actually continue a series rather than start new ones, for example Mob Battles or Awakenings.Keep writing,HR

The book has a very clean and catchy story line and has been constructed around logical morals, it is a quick favorite among kids and makes an exciting bedtime story book too. The language used in the books is of elementary level which makes it perfect for growing kids.

It was such an adventurous story and a really interesting tale and characters. I highly recommend this story to any Minecraft fan or child. It was a joy to read another one of Ender King's best. I can't wait to read the second one!

This is supposed to be for kids but Ender King is always making me laugh! This new book is hilarious and take us on a new adventure in the world of Minecraft. The author's imagination is amazing and absolutely incredible! Can't wait to read the book two.

It is a good book . I bought this book for my little brother and he loves the adventurous story, humorous characters and amazing pictures. The narration is understandable and simple. It is a good product for kids. Great work done by Minecraft!!! Loved It.

A great book that is easy to read and the vocabulary is perfect for elementary and junior high school readers. I recommend this book for anyone who enjoys adventure with a bit of humor.
