Tableaux Culturels De La France (3rd Edition)

Synopsis

Tableaux culturels de la France (RavisÃ©) engages students with its presentation of the fascinating civilization and culture of France. As your students deal with each historical period, they learn about landmark events and famous people, as well as French achievements in government, technology, the sciences, the economy, and the arts.

Customer Reviews

This is for my french 315 class and I just wanted to say that my seller from NJ was awesome and got this to me within one day of ordering it. It wasn't expected to arrive until august 6th. I read through it and it seems pretty easy to translate if you have been taking french for awhile. Obviously if you are having trouble then speak to your professor or have your french-english dictionary handy. :) Thank you so much! Super happy with , once again.

Great copy for a small price!
