Customer Reviews

this was a really cute read. I've read all the others in series and I like the new start in France. It had some mystery which I liked and I loved the ending. I think these books need more credit. They're sorta like American girl books but with older girls and in other countries. If you like American girl books read these. They are short, but it's nice to read something short once in a while. These are great

Great series...my daughter adores
