# A Favorite Son

## Synopsis

This story is a present-day twist on the biblical story of Jacob and his mother Rebecca plotting together against the elderly father Isaac, who is lying on his deathbed, in order to get their hands on the inheritance, and on the power in the family. This is no old fairy tale. Its power is here and now, in each one of us. Listening to Yankle telling his take on events, we understand the bitter rivalry between him and his brother. We become intimately engaged with every detail of the plot, and every shade of emotion in these flawed, yet fascinating characters. He yearns to become his father's favorite son, seeing only one way open to him: deceit. In planning his deception, it is not love for his father, nor respect for his age that drives his hesitation--rather, it is the fear to be found out. And so--covering his arm with the hide of a kid, pretending to be that which he is not--he is now ready for the last moment he is going to have with his father. This is so much more than a morality tale. Do you find sibling rivalry in adults intriguing? Are you troubled by the notion that the sins of the fathers will be visited upon the children? If so, you will find this story utterly captivating.

## Customer Reviews

I am an author. Once again, after reading a book penned by gifted Author Uvi Poznansky, I am able to dream of my possible potential should I follow in her footsteps and continue in my endeavors to stretch my talents like she so adeptly manages to do. Her astonishing knack of expertly drawing from her creative and artistic abilities never ceases to amaze me. Most of us are familiar with the well-known Bible story of Jacob and Esau. Twin sons born to Rebecca and Isaac in their later years, are at odds and in competition to inherit the much coveted blessing from their father on his deathbed. The collaboration that takes place between mother and her favorite son, Yankle, in order to dupe Isaac effectively demonstrates the length some parents will go to in their unfairness, or what I refer to as, the "division" of their love. According to the main thread skillfully woven into this novel, the phenomenon of favoring one child over another may be a curse not only for the favored child but for the rejected one as well. I purposely use the word "division" of love to describe the favoritism both Rebecca and Isaac displayed for opposite sons in this story in order to stress what I consider to be a poignant point. In my opinion, neither parent expresses true love. True love does not divide families nor does it create ugly competitiveness, sibling rivalry, jealousy, hatred, anger and all the other undesirable, negative traits expressed between these two sons. Neither parent shows love for their offspring nor toward each other. It has been said that true love multiplies...it never divides. When one discovers this definition of love and fully embraces this concept, the negative emotions experienced by this family and many others, will no longer exist.
