## Customer Reviews

The "My First Book of . . ." series is fantastic! The glossy pages and colorful photos are accompanied by the word in its language and an English pronunciation. Perfect for children and adults wishing to expand their language skills. Much clearer than some older First words books.

This is a relatively short book, but it's a good "first" one to have. I suggest getting this book along with some other Japanese-English books as well. My child can only look/read it for a short while (there is no story, just photos with the names in Japanese and English).

I love love love this book. Not only is it a great tool for teaching my children basic everyday words in Japanese, but it is helping me learn too! Thanks to this book, my girls learned the basic parts of the

body in Japanese in about two days flat (and they are ages 3 and 4!) My only complaint is that I wish it were longer! I would love to see a second volume or another edition with even more words. All in all, a great teaching tool and a fun, colorful, engaging book.
