Killjoy

Synopsis

Avery Delaney has tried to put the past far behind her. Abandoned by her rapacious, conniving mother when she was only three days old, Avery was raised by her grandmother and beloved aunt Carolyn. Then, when she was ten, she saw her grandmother murdered in cold blood, before Avery herself was shot and left for dead. Miraculously, she survived. The killer was soon caught, convicted, and is currently serving a life sentence in Florida. This traumatic experience propels Avery into a life of law and order. Her razor-sharp mind and ability to gather data and decipher evidence has made Avery an expert crime analyst for the FBI. But soon she will have to use every one of her skills on a case that hits painfully close to home. Avery's workaholic aunt, Carolyn Salvetti, is certain her (hopefully soon-to-be ex-) husband sent her the gold embossed reservation to the posh Utopia Spa in the mountains of Colorado. At first she is resistant, but then she figures it will be a welcome respite from the cutthroat advertising business, not to mention a networking extravaganza. Plus she persuades her niece to join her for the two weeks of luxury and decadence. But Carolyn never makes it to Utopia. Under false pretenses, she is taken to an isolated retreat by a handsome stranger with a dazzling smile, suave demeanor, and the darkest of motives. His name is Monk, a hired assassin. Now, with scant clues and fewer resources, Avery must track down and save Carolyn - and outmaneuver a brilliant killer who is part of an elaborate plot of madness and lethal vengeance.

Customer Reviews

Outstanding thriller by Julie Garwood in book 3 of the Buchanan/Renard/MacKenna series. Filled with thrill-seeking moments, total excitement, suspense, not to mention, a full-blown romance. It's

one of those books that is impossible to put down!.....After witnessing the brutal murder of her grandmother as a child and surviving a vicious attack on herself, only to be left for dead, FBI Analyst Avery Delaney believes she can finally put the past behind her. When she joins her co-workers at the FBI, they are concerned that Avery looks frazzled but as she explains that her neighbor, a kindly elderly lady, accidentally hit her with her car, no one thought anymore of it. Meanwhile, Avery, being contacted by her Aunt Carrie, known CEO of her million dollar company, "Star Catcher", has invited Avery to join her in Colorado for two weeks, to an exclusive spa, known as Utopia, given as a gift by her husband Tony. Avery agrees but when Carrie gets there, along with two other ladies, they are met by a handsome gentleman, by the name of Monk Edwards, telling them that their plans have been temporarily changed, due to a flood at the spa, leaving Carrie to text Avery to let her know, not realizing the text didn't go through. John Paul Renard sat patiently at the spa, waiting for Carrie Salvetti to arrive but when he saw the most beautiful girl he has ever seen, just walk in the front door, straight to the desk, he knew she had to be but one word to describe her...plastic! No woman looked that gorgeous but when he heard the woman's fears, and the name of Carrie Edwards, he didn't hesitate when he joined her at the front desk. That's not what piqued John Paul's attention though, as he heard her say the name of Monk Edwards.
