# McGraw-Hill's Taxation Of Individuals, 2016 Edition

## Synopsis

NOTE: This ISBN does not include Access Card. It Includes Print Book only McGraw-Hill's Taxation of Individuals is organized to emphasize topics that are most important to undergraduates taking their first tax course. The first three chapters provide an introduction to taxation and then carefully guide students through tax research and tax planning. Part II discusses the fundamental elements of individual income tax, starting with the tax formula in Chapter 4 and then proceeding to more depth on individual topics in Chapters 5-7. Part III then discusses tax issues associated with business and investment activities. On the business side, it addresses business income and deductions, accounting methods, and tax consequences associated with purchasing assets and property dispositions (sales, trades, or other dispositions). For investments it covers portfolio-type investments such as stocks and bonds and business investments including loss limitations associated with these investments. Part IV is unique among tax textbooks; this section combines related tax issues for compensation, retirement savings, and home ownership.

## Customer Reviews

I purchased this book because it was the cheapest option. My only disappointment was that there are no Tax brackets at the end of the book. I have found this to be a major issue since this was the main reason why I needed this book. For all those who are considering the Ebook, purchase the paper copy.

Good condition. Kind of affordable compared to hardcover

We will discuss this in more detail in a later chapter...theme of the book.
