### Customer Reviews

This was a delightful reading experience about people finding real love after suffering loss of family members, being sold by family members, having to travel across this great country, travelling across the ocean then being turned down by some of the grooms. This collection was entertaining as the characters faced all manner of problems and disappointment. A must read for those who enjoy historical western romance kindle books from at a special price and from special authors who keep me wondering what next for the characters as they traveled to meet their intended. A great book to enjoy.

This box set is really easy to read and I thoroughly enjoyed the time I spent reading these little books. The characters were interesting and the settings were period wise realistic. I'm glad it bought it

I love books that I start reading and can't put down wind this was one of them!! So many great stories!! I love reading about the mail order brides, back in the old west!! Thank you for a Great book of stories!!!

I enjoyed this box set there were a couple of stories I already read. But as always these stories were very good and worth reading. again. I recommend this box set to any one who loves reading about frontier brides and their adventure

Wonderful tale s of love and adventure set in the Old West. Warm Christian stories of love, loss, laughter, tears and adventure! Recommend to everyone who likes Mail Order bride stories I truly enjoyed them all :-)

I really enjoyed reading this collection of books. Indiana Wake and Belle Fiffer have created some very interesting characters and plots.

This was neither the best nor the worst of books I've read. On the plus side, they are clean historicals...so an easy "bedtime" read without the cursing and sex that seems to be such a prominent part of today's books.?On the "Minus" side, they all followed the same formula, with differences only in characters and minor plot changes. Again, good enough to put you to sleep without murder and mayhem to disturb your dreams.As I read, I am constantly amused. I have decided, in my own mind, that spell check must be an author's nightmare. One has to chuckle as children hit the 'crochet' ball at the wicket (using a crochet needle, I wonder...instead of a CROQUET mallet?) Or another chuckle: the wagonmaster set the "break" and brought the wagon to a halt????
