J.K. Lasser's Your Income Tax 2015: For Preparing Your 2014 Tax Return

Synopsis

America's bestselling tax guide for over seventy-five years, updated for 2014 taxes J.K. Lasser's Your Income Tax 2015 is the most trusted tax guide on the market, updated for 2014 tax returns. With full coverage of all changes and adjustments to the tax laws—including new deductions and credits—this book provides clear, plain-English explanations that help you decipher the tax code and reduce what you owe. Step-by-step instructions help you navigate forms and worksheets with ease, and over 2,500 money-saving strategies show you what to claim and how to claim it to maximize tax savings. You also get access to the book's companion website, which features up-to-the-minute tax news and tax law changes, tax-planning strategies including help for small business owners, and much more. For over seventy-five years, American taxpayers have made the J.K. Lasser guide the bestselling tax resource on the market. With the perfect blend of expert advice, up to date information, and clear, jargon-free explanations, this book helps the average taxpayer successfully navigate the filing process. A comprehensive topic index and quick reference section help you quickly find the answers you need, while in-depth insight and timely advice help you take control of your taxes. Understand recent tax law changes and the changes now taking effect Pinpoint your biggest money-saving deductions, and learn how to claim them Learn how to communicate with your CPA or claim all the tax benefits you are entitled to when using tax-preparation software File correctly, on time, without paying too much or too little Every year, millions of Americans overpay their taxes simply because the laws are confusing, complex, and constantly changing. The average American has neither the time nor the inclination to wade through volumes of tax code, so J.K. Lasser does it for you. J.K. Lasser's Your Income Tax 2015 provides the latest information, instruction, and strategies that save you time, money, and headaches when tax season comes around.

Customer Reviews

Both the CPA firm I co-locate with and I order this book every year for two purposes: quick, simple reference and a source to provide clients with a discussion of issues of concern to them. We use our tax library for more involved questions. When client's call with generic questions, we scan relevant pages and e-mail the information to clients rather than try to summarize. At the end of the year, the books are worn out and have torn pages. For the layman, this is a lot of well written information which goes beyond the help screens on popular tax preparation programs.

This is a must have for anyone that files a income tax return. Even those of you who hire a CPA it never hurts to study the IRS rules to protect yourself. Keep in mind not matter who prepares your return you are responsible for the correctness of the return and you alone will be fined for errors.

As of mid-December 2014, this could be described as just the "preview edition", as there was little if any information regarding the Affordable Care Act instructions and forms. Of course, the IRS has only released draft instructions back in September, and preliminary forms, which are not in the book. Also, in my Kindle App on Android tablet, I could not activate a table of contents nor an index, so I had to page through each page, or touch chapter topic links to get through the book as quickly as possible. So, I will be patiently waiting for Congress, the IRS to finalize most forms and instructions, and JKL's e-supplements for more complete information. I think in the future, I may just wait for the paper copy to be published.

Having done my own taxes for the last 20 or more years using a book such as this, one would think I would give a positive review. This year I realized how ludicrous this so called publication is. Do you want to read hundreds of pages about having seeing-eye dog. while losing all your investments through theft , as you maintain a part-time residence in NY City with certain qualifying children? If your situation is that complicated, you need a CPA. Otherwise, standard tax software should suffice and this book is an anachronism.

The first year I was married, we had someone do our taxes and I was amazed at what we had to

pay. The next year, I bought a JK Lasser's Income Tax book and saved usa bundle. I've been using them ever since - 46 yrs! I believe we all have an obligation to pay our taxes and support government services but...it's almost un-American to pay more than we have to. JK Lasser's Income Tax books, whether the professional edition or the paperback edition, each year highlight new tax law changes, explain the rules & regulations and explain all deductions available under the current law. They are also a great reference if you have any questions about a given rule, what to report as income, how to fill out a form or figure something out. These books cite tax law, tax law court rulings and have helpful advice and strategies for lowering your tax bill not only during the current FIT season but to plan for next year as well in easy to understand language.

Great publication! I use them every year even though I buy TurboTax and have an accountant.

J. K. Lasser's Tax Books are the very best from simple tax question to very complicated tax answers. We have used these books for many years and have yet to find them lacking in answers. This is not to say the book will make your tax preparation any easier, but at least you will have some direction. It is a book you should have close at hand when the need arises--and it will arise. . As long as our government determines to make our tax obligation so complicated, and something new is added every year which is always addressed in each year's publication, it is wise to have J.K. Lasser's Income Tax Book for reference. Don't do your taxes without it.

This book has been invaluable to me for many years in preparing our taxes. Now that I use Turbo Tax to help make it easier, the new addition of J.K. Lasser's Your Income Tax of the current year is the first thing I buy. It is always good to understand exactly what you are doing when preparing your taxes, not just answer questions in an easy format. They have a good website that you are directed to for any updates since the book was published for that year so you can be up to date on changes in the law that occur at the last minute.
