Auditing And Assurance Services (16th Edition)

Synopsis

For the core auditing course for accounting majors. Â   An Integrated, Up-to-Date Approach to Auditing and Assurance Services Comprehensive and up-to-date, including discussion of new standards, codes, and concepts, Auditing and Assurance Services: An Integrated Approach presents an integrated concepts approach to auditing that details the process from start to finish. Based on the authorâ ™s belief that the fundamental concepts of auditing center on the nature and amount of evidence that auditors should gather in specific engagements, this editionâ ™s primary objective is to illustrate auditing concepts using practical examples and real-world settings. Â   The Sixteenth Edition remains up-to-date with examples of key real-world audit decisions and an emphasis on audit planning, risk assessment processes, and collecting and evaluating evidence in response to risks. Â   Also availableÂ with MyAccountingLabÂ®   MyAccountingLab is an online homework, tutorial, and assessment program designed to work with this text to engage students and improve results. Within its structured environment, students practice what they learn and test their understanding. Customer Reviews

I got the global paperback version with the birds on it. It is mostly like US hardback edition except the questions in the back of the chapter is different. What I do is borrow a friends book, scan the questions with my phone, and then I'm all good to go with homework. If you can do that you'll save some money.

It's all that I needed.

It very handle that alway looking at the ebook online.
