# There Was An Old Man Who Painted The Sky

## Synopsis

When a child looks up to find drawings on the ceiling of a cave, she wonders how they were painted. Planets that spin, the birds and the beasts, woman and man—how did the old man in the sky paint it all? Based on the 1879 discovery of ceiling paintings in Spain's Altamira Cave, this imaginative story expresses the awe of contemplating the creation of the world and locating beauty in an unexpected place. Children will revel in this timeless tale with truly breathtaking images.

## Book Information

Hardcover: 32 pages

Publisher: Henry Holt and Co. (BYR) (July 21, 2009)

Grade Level: Preschool - 2

## Customer Reviews

"There Was an Old Man Who Painted the Sky" is a beautiful book. It is just fine that the sing song text may not seem, to some, to go along with the profound discovery of the cave paintings. It is a fantastic way to introduce children to the information of the cave painting discovery, mixed media art and stories of the creation. This book should capture the interest of children and adults. Anyone interested in mixed media would also be inspired simply by the illustrations.

In 1879 a young girl, accompanying her archeologist father, discovered cave paintings dating back over 10,000 year ago. This book is a poetic description of the paintings, and the books artwork is based on the actual paintings. I recommend it for young toddlers and much older kids.
