Customer Reviews

This is my 2nd minecraft diary book. My son loves them. I already went and purchased 5 more, because I know he will love them too. I hope they make a bunch more. They are actually quite cute stories and I love reading them to my son.

You guys this was not scammed. It was by multiple authors with the word Cube and Kid. That is why this book was here. If it was by authors without the word Cube and Kid, it would be totally different. So you guys be careful of what you say in your comments. The true identity thief was Alex Brian, another minecraft diary writer.

Wow. Wowowowowowowowowowowow. Why are there so many scammers on Amazon. This is one of the most common one, stealing someone's name. "Cubic Kid" has stolen Cube Kids name. Shame on you. Besides, the book is very short, is not "100% fun" in any way, has a horrible plot, and ended with a sad cliff hanger which never had another book in the series, even though there is currently no series for this book. And this book was published about half a year ago. And made by about six authors, and somehow is still horrible. Pretty much the only good thing about this book is that it has Kindle Unlimited. Still, this book should be for free since it's horrible! Here is a list of my favorite minecraft authors on Amazon: 1. Cube Kid (the real one) 2. Winter Morgan 3. Steve the noob (although he is not a noob) 4. Crafty Nicole These are the best minecraft series on Amazon. All readers should check 'em out!--Dude89

Guys, just stop it. The Cubic Guy author is just in the middle. If you don't believe me, look at the Amazon reviews. Cube Kid Cubic Guy = no resemblance ||| _ = space C-C | U-U | B-B | I->< | C->< | _-_| G->< | U->< | Y->

guys, i get that this isn't the most blatant ripoff, but come on. It's the only cubic guy book ever, and it just so happens to have another author with kid in the name. how convenient. not to mention, the only shorter book i've read in the fake book 10, but really, that one didn't have SO MUCH CAPS LOCK! seriously, every word is in caps. DON'T READ THIS STUFF! I recommend diary of a wimpy villager, or diary of a wimpy steve. They're better and are long enough.

if someone reviews the books by author cube tell him in review for thinking it was scammed now i know i was wrong. this is not scammed it just has the words cube and kid in different authors names. this is not a scam just coincidence YOU SHOULD FEEL BAD FOR THEESE AUTHORS!!!!!! theyre inniocent so stop being haters and mean people. these authors are most likely nice people whos feelings are hurt from all the bad \ mean reviews. how would u like to be those authors so plz stop.:[

This book was not scammed. He didn't use Cube Kid's name. It probably shows up when you search Cube Kid because Cubic Guy is one of the authors. Look at the author names and you'll see!Don't post a review without PROPER information!Authors do not deserve 1-Star reviews because of the reader's ignorance!-Signing off!

Its Just Crap. First of all, Its 22 or 23 Pages... not sure which one. Second, Lame plot. Third, cant you think of something besides A ZOMBIE LOSER????? Practically all the Minecraft books have that theme. DONT GET EVEN WITH KKNLLE UNLIMITED. NOT WORTH IT.
